SUMMARY

Left RIT this spring to build full-time and shipped three client sites in the same semester — two live, one in pre-launch review.

AI-assisted full-stack developer building production apps with Claude Code, MCPs, n8n, Next.js 16, React 19, TypeScript, and custom GPT + RAG systems.

EXPERIENCE

AI-Assisted Full-Stack Developer

2026 – Present

Independent · Rochester, NY

- Shipped three client websites in under two months — two live and one in pre-launch review — for a members-only cigar lounge, a garage-door company, and a business advisory firm.
- Built production features end-to-end, including authenticated member areas, admin tooling, RBAC, dashboards, event RSVPs, invite flows, lead capture, and owner operations tools.
- Developed a custom GPT agent with a RAG pipeline to answer LLC-formation questions across all 50 states, paired with state-specific landing pages for local SEO.
- Accelerated delivery with Claude Code and MCPs (Firecrawl, Playwright, Sharp, GitHub) for research, data extraction, implementation, and automated QA.
- Orchestrated n8n workflows, scheduled jobs, and webhooks across projects, shipping on Next.js 16, React 19, TypeScript, Tailwind CSS 4, and Vercel with strong Core Web Vitals, accessibility, and SEO.

Mathematics Tutor

01/2019 – 10/2019

Santa Barbara City College · Santa Barbara, CA

- Tutored algebra, trigonometry, and all math through pre-Calculus 2.
- Translated abstract class problems into concrete step-by-step solutions.

Intern

02/2018 – 03/2019

World Dance for Humanity · Santa Barbara, CA

- Built student profiles and managed website content updates for the organization.
- Built Excel and Word reports used by cooperatives in Rwanda.
- Traveled to Rwanda to meet students and cooperatives and documented fundraiser events through photography.

SELECTED PROJECTS

My Place Cigar Lounge

2026

myplacecigarlounge.com · *Next.js 16* · *React 19* · *TypeScript* · *Auth.js* · *Prisma* · *Tailwind CSS 4*

- Built a members-only cigar lounge site with full authentication, RBAC, admin tooling, dashboards, event RSVPs, and invite flows.
- Delivered owner-facing operations tools for day-to-day member and event management.

Monroe Overhead Door

2026

mod585.com · *Next.js 16* · *TypeScript* · *Tailwind CSS 4* · *Resend*

- Built a local garage-door company marketing site with SEO-tuned service pages, lead-capture forms, and mobile-first performance optimization.
- Integrated Resend email delivery, analytics hooks, and Core Web Vitals tuning for production launch.

Business Therapy & Advisory

2026

businesstherapyadvisory.com · *Next.js 16* · *TypeScript* · *OpenAI API* · *RAG* · *Tailwind CSS 4*

- Built a business advisory site with a custom GPT chatbot and RAG pipeline answering LLC-formation questions across all 50 states.
- Built 50-state landing pages for local SEO, Resend-powered transcript emails, and JSON-LD structured data on every page; currently in pre-launch client review.

SKILLS

WEB

Next.js 16 · React 19 · TypeScript (strict) · Tailwind CSS 4 · Node.js · REST APIs · Server Components · App Router

AI TOOLING

Claude Code · MCPs (Model Context Protocol) · OpenAI API · RAG pipelines · Custom GPT agents · Multi-model orchestration

AUTOMATION

n8n workflows · Webhooks · Scheduled jobs · Data enrichment · Firecrawl · Playwright MCP

LANGUAGES

TypeScript · JavaScript · Python · Java · C · C++ · C#

PRACTICE

Core Web Vitals · SEO & structured data · WCAG accessibility · Auth & RBAC · Resend email · Vercel deploys

EDUCATION

Associate of Science, Computer Science

2017 – 2024

Orange Coast College

4.0 GPA

Computing & Information Technologies

2024 – 2026

Rochester Institute of Technology

3.4 GPA — left this spring to build and ship client work full-time
